Title of work *"What's On Your Mind?"*

Short description of work – 50 – 60 words Max

**Anyone who uses Facebook is faced with a question;
What's on your mind?**

**In order to find an answer we gathered found information including
overheard quotes and quick gestural drawings. Eric Pawn-Shosk was
born. His musings explore evidence of the everyday, and how this raw
content is heavily modified for use on social media.**

Do any of us answer the question honestly?
